Connection Options

- VPN:** This is the recommended connection which is used by the vast majority of brokers. The monthly rate for a VPN connection will be \$16.95 plus applicable taxes including the first EDI mail box. All additional EDI mail boxes will be \$4.95 per month plus applicable taxes.
- Site to Site VPN:** Use of a dedicated Firewall to connect to the TELUS Firewall. This option is generally used by Insurance companies or large brokerages. The specifications and rates for this option are contained on the following page.

Agreement

By completion of this CSIONet registration form, I fully understand and assume the responsibility for fees for network services that will be invoiced to me by TELUS and/or CSIO on a monthly basis.

SPECIFICATIONS AND RATES FOR SITE TO SITE VPN

TELUS specifications are:

Juniper SSG 140 Firewalls
Firewall throughput (large packets) 350+ Mbps
Advanced Encryption Standard (AES) 256+SHA-1 VPN throughput 100 Mbps
3DES encryption +SHA-1 VPN throughput 100 Mbps
Supported Encryption AES 256, 3DES, DES
HASH Authentication MD-5, SHA-1
Perfect forward secrecy (DH Groups) 1,2,5

The following information is required in order to set this option on the Company/Vendor side:

Internet IP Addresses of both IPSec gateways (VPN Firewalls)
Phase 1 and 2 Encryption Algorithm
Phase 1 and 2 HASH Algorithm
Pre-shared Secret
Local Address of each end of the Tunnel

It is recommended that a new device Juniper SSG5 be purchased at TELUS via CSIO. If selecting this option, please check the following:

- Have CSIO order the equipment on our behalf
- We would like to Manage the equipment ourselves
- We would request that TELUS manage the equipment for us
- We will configure our own equipment to meet these specifications and will provide that information to CSIO for TELUS

Rates:

The hourly rate for the configuration of the Site to Site VPN is established by TELUS. There may be a minimum charge of 4 hours which will be billed by TELUS.

Thank you for your interest. Please EMAIL or FAX this completed form to the CSIO Helpdesk at helpdesk@csio.com or (416) 364-1482.
