

## Liability Card Now Available

PRESS RELEASE

FOR IMMEDIATE RELEASE

**Toronto, Tuesday, September 17, 2002 Centre for Study of Insurance Operations (CSIO) announces the availability of a PDF Liability Card.**

CSIO is pleased to announce the availability of a new electronic version of the standard liability card. This PDF form, originally designed for the CSIO Insurance Portal, will become part of CSIO's extensive library of standard forms that CSIO maintains for its members. Users will be able to complete a liability card on-screen and have it printed to liability card paper. To download a copy of this PDF file, please visit our Standard Forms Section at [www.csio.com](http://www.csio.com). CSIO standard electronic forms are available to CSIO member companies, vendors and brokers.

CSIO collaborated with Informco, the leading provider of standard forms to the Insurance Industry, to develop this fill-able electronic version of the liability card. This collaboration which involved Informco's Insurance Wording Resource, resulted in the creation of a liability card template that a user is able to fill in on line and print on pre-printed liability cards from a laser printer. The new CSIO liability card pre-printed background (form number IFC 68015) can be ordered through Informco's Order Desk (416-285-1700) or on line through [www.informco.com/forms.html](http://www.informco.com/forms.html).

The Centre for Study of Insurance Operations (CSIO) is a national organization, supported and funded by committed broker insurance companies and the broker community through the Insurance Brokers Association of Canada (IBAC). Its mission is to assume a leadership role in facilitating the continuous improvement in efficiency and effectiveness of the delivery of insurance and complementary products and services to the consumer. CSIO is responsible for the development and maintenance of Canadian industry standards in forms, EDI, XML and Web screens. For more information visit [www.csio.com](http://www.csio.com), [www.csioinsuranceportal.com](http://www.csioinsuranceportal.com), or contact Ms. Laurence Delomosne at (416) 360-1773 ext. 2318.

Informco Inc. provides integrated communications solutions to the Property and Casualty insurance industry to streamline communications between insurers, brokers and consumers, drive down costs and build business. As an outsource partner, Informco can look after all of an insurance company's communications including insurance policy issuance, broker co-op marketing programs, inventory management and broker requisition fulfillment. Informco provides choice of electronic or paper delivery and has developed a number of solutions that use the Internet to streamline communications. For more information contact Carolyn Horan at (416) 285-1700 ext. 232.
